

CARECLEAR®

**WATERCARE'S
CARECLEAR I SERIES
OF FILTERS PROVIDES
REDUCTION OF MANY
CONTAMINANTS FROM
YOUR WATER SUPPLY.
THESE PRE-ENGINEERED
WATER TREATMENT
PRODUCTS OFFER A
COMPLETE RANGE OF
SIZES AND TREATMENT
MEDIAS.**

CARECLEAR – Features nonvolatile memory. If the power goes off, only the time of day is required to be reset. The LED Display shows the time of day to the nearest hour and will also display days remaining until the next self-cleaning cycle. You also have the option to choose which day of the week you would like to self-clean with the 7-day option program.

POLYGLASS MINERAL CYLINDER – Has the National Sanitation Foundation Seal of Approval. Hygienically clean. Made of rugged, durable polyglass for rust-free, corrosion-free service.

WATER CARE®

CARECLEAR I

Filter for reduction of suspended matter above 40 microns in size, including pre-oxidized iron. CareAg is lightweight and easy to backwash and clean.

Filter for the reduction of chlorine, sediment and organics from water. A wide variety of tastes and odors can be reduced with CareCarb. This media may require replacement. Check with your WaterCare dealer.

Filter for the neutralization of corrosive, acid water; corrects bitter taste and blue-green stain, reducing the leaching of copper, lead and other metals from plumbing system. CareNeu should be backwashed frequently. It is necessary to replace the dissolved media.

StrataCare consists of four unique medias for the reduction of fine sediment and turbidity to 20 micron in size. High backwash rates are required.

SulfaCare for the reduction of hydrogen sulfide, iron, chloramine, volatile organic contaminants from water, reducing the undesirable taste and rotten-egg odor present in many water supplies. SulfaCare has a unique catalytic activity plus the adsorption ability of carbon.

WATERCARE® WARRANTY

WaterCare warrants every CARECLEAR Water Filter in accordance with the Magnuson-Moss Warranty-Improvement Act. Ask your WaterCare dealer for full details.
